Naloxone.Ohio.gov

As part of September's Recovery Month, RecoveryOhio announced the creation of Naloxone.Ohio.gov. This will provide Ohioans a website to simplify the process for obtaining Naloxone. This life-saving drug is used to reverse an opioid overdose.

Naloxone.Ohio.gov allows anyone to request naloxone, whether they are a first responder, community member, or distribution site. The website also enhances access to prevention and treatment information.

Group-Experience Rating Program

The Group-Experience Rating Program allows employers with better-than-average claim histories to join together through a sponsoring organization. We then rate the group as one employer. By participating in the program, employers may enjoy much lower premium rates than they could attain on their own.
